Welding machinery

Tallahassee Community College Workforce Development Welding Technology program prepares students to enter employment in the welding industry or continue their education. The successful completion of this program enables students to receive industry-recognized certification through NCCER, receive an OSHA 1926 Safety Card, and sit for the American Welding Society (AWS) exam. To accomplish this goal, the College must offer its students and instructors the resources required for welding, cutting, and training. In addition, to establish the welding lab, which will scaffold many manufacturing skills, the necessary booth equipment must be acquired. To that end, Tallahassee Community College wishes to purchase welding equipment for its new, state of the art, welding facility. The College will screen all proposals/bids and will seek to negotiate an agreement with one or more qualified respondent(s).

Invitation to Bid will be opened at the below address at 02:00 P.M., December 02, 2021.

Please direct all questions to:

Bobby Hinson
Phone: (850) 201-8520
FAX: (850) 201-8506

444 Appleyard Drive
Tallahassee FL, 32304
