In order to be reclassified to in-state for tuition purposes, the burden of proof is on the student. A student who is eligible for Florida residency but has not submitted the necessary documents prior to registration should be prepared to pay at the out-of-state fee rate. **Eligibility for reclassification is reviewed on a rolling basis through the College's published drop/add period for the term in which in-state residency is being sought.** Supporting documentation is critical to the decision-making process. Registrar staff will schedule one-on-one appointments, as needed, to assist students with the process. Students will also be notified by email once the committee has rendered a decision. Please read all of the following information, gather your supporting documentation, and then complete the request form.

Who may be eligible to establish Florida residency for tuition purposes?

- U.S. citizens, permanent resident aliens, and certain Visa categories
- Independent persons (not claimed by anyone other than themselves for Federal Income Tax purposes), who have resided, and been employed in a permanent, full-time position, in Florida for the last 12 months or more
- Either parent or legal guardian of a dependent child. Federal Income Tax documents will be required to prove dependency. The term "dependent child" means any person, whether or not living with his/her parent or legal guardian, who is eligible to be claimed by his/her parent or legal guardian as a dependent under the Federal Income Tax and who receives more than 50% of the true cost of living expenses from his/her parent or legal guardian

Who is not eligible to establish Florida residency for tuition purposes?

- Individuals who are dependent on out-of-state parents (claimed on the parent(s) Federal Income Tax form)
- Individuals who moved to the State of Florida for the sole purpose of attending an institution of higher education
