Welcome to Starfish, Taylor.

Your success is our number one priority. But, did you know that one of the best ways for you to be successful in school is to spend time with your instructors and advisors? Believe it or not, they really are here to help you - whether to understand your course material, decide which major you should pursue, or deal with a personal concern.

We want to make it as easy as possible for you to connect with the people and resources on campus that can help.

With Starfish, you have a convenient way to schedule the dedicated time you need with your instructors and advisors. You can also use it to learn more about your instructors and advisors, finding common interests and backgrounds. In addition, you can search your personal Success Network of resources and services that are available on campus to you.
