

Tallahassee Community College Parking & Traffic Regulations

The Tallahassee Community College Police Department (TCCPD) is responsible for enforcing parking rules and regulations on all TCC properties. TCCPD members prefer not to write citations or have vehicles towed but have authority to do so should it be necessary to provide an orderly and safe campus.

TCCPD asks you to be alert, careful, and courteous when driving.

This handbook is developed in accordance with TCC District Board of Trustees [Policy 12-06](#).

In addition to the rules and regulations listed herein, all traffic laws of the State of Florida are in full force and effect at all times on TCC's campuses and properties.

I. General Information

1. The term "vehicle" refers to all means of transportation other than by foot, such as cars, trucks, buses, motorcycles, motor scooters, mopeds, bicycles, skates, etc.
2. The term "operator" refers to the driver or controller of any vehicle.
3. These regulations apply at all times to all persons who operate or park any vehicles on any TCC property with limited exceptions for vehicles operated by emergency services or maintenance entities staged for or engaged in the performance of their duties.
4. The vehicle operator is responsible for locating authorized parking. Lack of convenient parking will not be considered a valid excuse for violating traffic or parking regulations.
5. All vehicle operators must observe and abide by any and all traffic signs, cones, barricades, road blocks, and/or other traffic control devices or signals posted or positioned by TCC personnel and shall take no action to relocate, remove, or otherwise damage such devices.
6. All vehicle operators must cooperate with and follow the instructions of personnel designated by the college to assist with traffic control.
7. Movement of traffic on campus roadways is not to be obstructed by stopping in streets, roadways, or parking lots for any purpose other than parking or complying with traffic regulations or when necessary for public safety.

8. If a vehicle operator observes others parked in violation of these rules and regulations, this should not be construed as evidence that the regulation is no longer in effect or that it is acceptable to park in the same manner.
9. Lack of knowledge about these rules and regulations will not be a valid excuse for violating any traffic or parking regulation.
10. The speed limit on TCC's campuses is **15 M.P.H.** unless otherwise posted.
11. Traffic crashes occurring on a TCC campus should be immediately reported to TCCPD.
12. Vehicles found to be in violation of more than one traffic or parking regulation at any one time may be given more than one citation.
13. Illegally parked vehicles may be warned, cited, and/or towed at the owner's expense.
14. TCC will not be responsible for loss or damage to any vehicle or its contents while operated and parked on a TCC campus.
15. No skateboards, roller skates, roller blades, or other such vehicles will be allowed in parking lots, on roadways, or inside, between, or around buildings except when carried by hand.

II. Faculty/Staff Parking

1. Faculty and staff are provided access to certain parking lots by use of an assigned employee identification (ID)/access card or issued key fob.
2. Unauthorized use of an ID/access card or key fob, abuse of parking privileges, or nonpayment of fines may result in suspension of access to faculty/staff parking lots and/or disciplinary action.
3. Each faculty/staff member shall possess no more than one ID/access card or key fob.
4. Lost or stolen ID/access cards or key fobs must be immediately reported to TCCPD.

III. Registration of Student Vehicles

1. Students may register their vehicles with TCCPD in order to park on campus.
2. Vehicles can be registered at the TCC Cashier's Office (second floor of the main campus Student Union) between 8:00 a.m. and 5:00 p.m., Monday through Friday when the College is open.

3. To register a vehicle, an application must be typed or printed in ink. A separate application must be completed for each vehicle registered, and student status must be verified by presentation of a current student identification card.
4. There is no charge for registering vehicles.
5. If issued, the TCC parking permit is to be applied to the bottom corner of the right side rear vehicle window. Apply to a clean, cool, dry surface.
