Important Information

Our plans group each medication into a tier. The number of tiers may vary based on the plan you choose. You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Through this document you will see the “♦” symbol. Services with this symbol may require prior authorization from the plan before you receive the services from network providers. If you do not get a prior authorization when required, you may have to pay out-of-network cost-sharing, even though you received services from a network provider. Please contact your doctor or refer to the Evidence of Coverage (EOC) for more information about services that require a prior authorization from the plan.

Part D Prescription Drug Benefits

Deductible Stage

This plan does not have a prescription drug deductible.

Initial Coverage Stage

You begin in this stage when you fill your first prescription of the year. During this stage, the plan pays its share of the cost of your drugs, and you pay your share of the cost. You remain in this stage until your total yearly costs (your payments plus any Part D plan's payments) reach **\$7,400**. You may get your drugs at network retail pharmacies and mail order pharmacies.

Our BlueMedicare Group Rx plan gives your preferred pharmacy options. You can fill your prescription drugs at one of our preferred pharmacies to save even more on most prescriptions.

<i>Up to a 90-day supply Tier 3, 4, 5 & up to a 100-day supply Tiers 1 and 2. See Evidence of Coverage for details.</i>	Preferred/Mail Order (31-day supply)	Standard Retail/LTC (31-day supply)	Preferred/Mail Order (90 to 100-day supply)
Tier 1 - Preferred Generic	\$0 copay	\$8 copay	\$0 copay
Tier 2 - Generic	\$3 copay	\$15 copay	\$9 copay
Tier 3 - Preferred Brand	\$30 copay	\$40 copay	\$90 copay
Tier 4 - Non-Preferred Drug	\$60 copay	\$70 copay	\$120 copay
Tier 5 - Specialty Tier	33% of the cost	33% of the cost	N/A

Coverage Gap Stage

Because there is no coverage gap for this plan, this payment stage does not apply to you.

During the Coverage Gap Stage:

- You pay the same copays that you paid in the Initial Coverage Stage for all drugs. Once you leave the Initial Coverage Stage, you move on to the Catastrophic Coverage Stage.

Catastrophic Coverage Stage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach **\$7,400**, you pay:

- \$4.15** copay for generic drugs in all tiers (including brand drugs treated as generic) and an **\$10.35** copay for all other drugs in all tiers.

Additional Drug Coverage

- Please call us or see the plan's "Evidence of Coverage" on our website (www.floridablue.com/medicare) for complete information about your costs for covered drugs. If you request and the plan approves a formulary exception, you will pay Tier 4 (Non-Preferred Drug) cost-sharing.
- Your cost-sharing may be different if you use a Long-Term Care (LTC) pharmacy, a home infusion pharmacy, or an out-of-network pharmacy, or if you purchase a long-term supply (up to 90 days) of a drug.
