ACCOMMODATIONS/ INSTRUCTOR LETTERS

When a student requests classroom accommodations, they must provide Student Accessibility Services with appropriate documentation of disability. Our office staff will interpret the documentation to determine that the requested accommodations are reasonable. An Accommodations Letter will be produced for each student and emailed to the student's TCC email account. Accommodations are determined based on documentation of disability. Students are expected to share their Accommodations Letter with each instructor, EVERY term.

EXAM PROCTORING

Students are required to submit Exam Accommodations Request form at least 48 hours (2 school days) in advance of each exam. Once students schedule an exam with Accommodated Testing Services, you will receive an email notifying you of the exam request. Instructors are required to send exams via email or intercampus mail to the Accommodated Testing Center prior to the exam. Instructors should also include any relevant information pertaining to the exam administration (eg. notes, formula or reference sheets, use of calculators, etc.).

CAPTIONING/TRANSCRIBING OF VIDEOS

Student Accessibility Services will assist faculty members in obtaining captioned copies of videos in order to ensure the accessibility of any audiovisual materials they may use for instruction. If this material is not available in a captioned/accessible format, Student accessibility Services will assist the faculty member in providing resources to get the material in an accessible format.

SAMPLE SYLLABUS STATEMENT
