

Industrial Machinery Maintenance and Repair- Student Supply List

Each student is responsible for having all these items at each class session during the entire program.

- Lock (keyed or combination) for locker - Lockers for storing your Personal Protective Equipment (PPE) and other personal items will be in the building. Lockers are approximately 10" wide x 11" high x 17" deep. Students may use a plastic tub that fits into the locker to keep their items organized.

PERSONAL PROTECTIVE EQUIPMENT

- Safety Glasses (for non-eyeglass wearers) – Must meet ANSI Z87.1-2010 standard, block 99.9% of UV rays, anti-scratch, clear polycarbonate plastic lens, wrap-around leans and frame. Equal to 3M brand Model #90551WV6 or better.
